

[Pure]

[Tools]

[HOL]

Maximum_Segment_Sum

```
graph TD; A["[Pure]"] --- B["[Tools]"]; B --- C["[HOL]"]; C --- D["Maximum_Segment_Sum"];
```

The diagram consists of four rectangular boxes arranged vertically and connected by lines. The top box is labeled "[Pure]", the second box is labeled "[Tools]", the third box is labeled "[HOL]", and the bottom box is labeled "Maximum_Segment_Sum". The boxes are connected in a downward sequence: [Pure] to [Tools], [Tools] to [HOL], and [HOL] to Maximum_Segment_Sum.
